Instructions

Mix brownies according to package directions. Pour into a 9x13 pan and bake as directed. When done, immediately place the miniature marshmallows over the top of the brownies. Bake an additional one minute, then remove pan and press marshmallows down slightly. In a large microwavable bowl, combine chocolate chips and peanut butter and heat in the microwave until melted. Stir until smooth. If needed, heat an additional 30 seconds. Stir in crisp rice cereal. Spread this mixture over the marshmallow layer. Let set until completely cool and chocolate is hardened. Cut into squares.
